

# V SUPER COLOR

# New

## Permanent Marker

- ✓ Writes on any surface
- ✓ Light resistant
- ✓ Perfect for the warehouse
- ✓ Refillable
- ✓ Cartridge made from 100% recycled materials

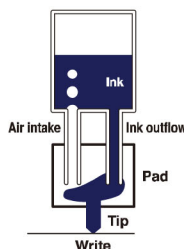

# 92%\*

recycled materials

Available in Bullet and Chisel tips  
in Black, Blue, Red, Violet, Green,  
Orange, Yellow or Brown ink.

\* Percentage excludes the ink.  
Begreen V Super Color is made from recycled  
materials reclaimed from manufacturing.

### Pure Liquid Ink

#### HOW DOES IT WORK?

The newly developed TPF (Twin Pipe Feeder) system utilizes two pipes and a pad to ensure a stable supply of ink to the tip of the pen.

One of these pipes feeds the ink to the pad section and the other pipe feeds air to the ink tank.

The pad functions in the same way as a pen tip and controls the supply of ink to the tip.
